

biting creepers
m: philipp moosbrugger, fatima spar
w: fatima spar

pinching' swiping' biting creepers
get a grip on yourselves
don't you barge in' better hide
go' step aside!

you tack on me commercially
but there is no wall
you could plaster me on
i protect my privacy

when we wanna kiss we kiss
when we wanna love we wanna love
when we wanna love' i love' you love' he and she loves
love' love is there to love

teach your lectures far away
far away from me
you do run people down
with your sham morality

sneaking up parasitic fleas
coming up to me
you'd better hold back' you'd regret
i'm quick at repartee

when we wanna kiss we kiss
when we wanna love we wanna love
when we wanna love' i love' you love' he and she loves
love' love is there to love

patronizing spitefully
faceless bourgeoisie
you are less worth than a two penny
not my referee

violently hungry' straight and erect
coldness is surrounding me
your concept of life
is not attracting me

when we wanna kiss we kiss
when we wanna love we wanna love
when we wanna love' i love' you love' he and she loves
love' love is there to love
